

Te Mahuri Hub Newsletter Term 2, #4 2019

Kia Ora wonderful Whanau!

I hope that everyone who has been under the weather has recovered! The class got smaller and smaller over the last week due to sickness going around! Make sure you are looking after yourselves. Some highlights have been, the school disco, the life education van, and the cross country on Friday - well done to everyone who participated and did their personal best!

New extended classroom space!

With the new Junior building up and running, we are blessed enough to be able to extend our classroom space! Our classroom now consists of two main spaces. One space will be used as the main learning hub, while the other will be more of a breakout independent working zone. We are blessed to be getting some new PC's installed as well. The new area also has a 'calm zone' which has been set up as an escape for those who either need space to 'cool down' or those needing some thinking time alone. This ties into the focus on emotional regulation and mindfulness that we have been looking at as a class.

Feel free to come say hello and check out our new space!

Living Christianly

A highlight this term has been learning about Daniel in Living Christianly. He was chosen by staff as a Godly character that showed how to live out our values focus for the Term:

Hope and Excellence - as we grow in Godly character, we grow in Hope.

We looked at Daniel being a "man of great character" and the reputation that he held. We discovered Daniel was solution seeking, had wisdom and courage, and he prayed and put God first no matter what the consequences were. We also learnt about pride from King Nebuchadnezzar, and how turning to God gives us and others Hope.

Please ask your children what they learnt from Daniel and how they can apply it to their own lives.
